Deconcentration Methodology

The PHA shall admit lower income families to higher income developments, and admit higher income families to lower income developments, using the following steps:

Step 1: The PHA will annually determine the average income of all families residing in all of its general occupancy (family) developments (including families residing in developments approved for demolition or conversion to tenant-based assistance and families residing in public housing units in mixed-finance developments).

- Step 2: The PHA will determine which families on the waiting list have incomes higher than the PHA-wide average and designate these families "higher income families," and which have incomes lower than the PHA-wide average and designate these families "lower income families".
- Step 3: When a unit becomes available in a higher income development, the PHA shall skip families on the waiting list if necessary to reach a lower income family to whom it will offer the unit. When a unit becomes available in a lower income development, the PHA shall skip families on the waiting list if necessary to reach a higher income family to whom it will offer the unit.

If the waiting list does not contain a family in the income category to whom the unit is to be offered, the PHA shall offer the unit to a family in the other income category.

PUBLIC HEARING BRAMBLE COMMUNITY CENTER 100 Bramble Courts Texarkana, AR 71854

December 5, 2001 6:00 o'clock p.m.

COMMENTS

A public hearing was held December 5, 2002 at 6 0'clock p.m. at the Bramble Community Center, 110 Bramble Courts, Texarkana, Arkansas to discuss the proposed Annual and Five Year Plans. A notice was placed in the Texarkana Gazette announcing this meeting. Notices were distributed to residents of public housing and notices were displayed at the main office of the Housing Authority.

Representatives of both public housing and Section 8 were in attendance. The proposed plans were discussed, including the proposed budget for Capital Funds. All in attendance were agreeable to the plans discussed. The only comment received regarding possible additions to the proposed plans was made by Merry Williams, Bramble Courts Resident Council president. She asked if it would be possible to put alarms on the elderly units which they could press to contact the local police if needed. We will look into this possibility but fee, at the present time, this would not be cost effective. We have only had three reported break-ins in the elderly complexes in 20 years.
